**BURLEIGH**  
learning for life

[www.tradesea.co.uk](http://www.tradesea.co.uk)

The online 17th edition training solution the Trades e-Academy has developed with NICEIC is proving to be a tremendous success!

17<sup>th</sup> edition training normally involves 4 days in a classroom – now you can access 17th edition training at a time, place and pace to suit you – and you only lose the few hours from work that it takes to complete the exam!

This is a convenient, cost effective online alternative to face to face classroom training:

- Accessed via the internet
- Flexible delivery - available at a time and place to suit you
- Arranged into short bite-sized interactive e-learning modules
- Includes revision practice test to ensure you are ready for the exam
- Online examination to be taken at **BURLEIGH COLLEGE**

Don't just take our word for it...

To make sure it provides a practical solution, we asked two electricians, Mike and Tony to trial the e-learning resources for us.

*"The software is really quick to understand, I have basic IT skills and knowledge but I found it very easy to use. The telephone and email backup is a bonus!"* Mike Sayce, Carillion, Hemel Hempstead

*"The software is excellent, when you are taught in a classroom the lessons can be a bit slow whereas this online course has flown by and has kept my concentration throughout."* Tony Linton, Linton Electrical, Essex

Both Mike and Tony passed their In Centre Exams as a result of taking the online training. They both completed the study in circa 16 hours and have received their certificates.

Join us ...

100% pass rate to date! Over 700 learners are currently undergoing or have completed their training. Why not take a look at the demo and join them?

### For just £399 you receive:

- Learning Support Guide
- Online e-learning courses
- Online Revision Tests
- In Centre Examination
